Is/are your child/ren attending Crow's Nest State School?  
YES/NO

The Legislative enactment of the Education Act (1989) and the Education Regulation (1989) in Queensland requires that a Register of membership of the association be maintained.

This is the IMPORTANT ASPECT of the Education Act.

Persons who are registered members of the P&C Association can be covered/protected while working at the school in any capacity.

In effect this means –

- A person can not become an office bearer of any committee without first becoming a registered P&C member
- Unless a person attending a meeting of the P&C or any of its subcommittees is on the register of the P&C, that person has no voting right for any of the decisions made or taken

**Please give serious consideration to this message and help our association by responding to registration promptly.**
